For the Attention of David Wall

Dear David

Project Title: C1466 Doughty Road Underbridge Construction

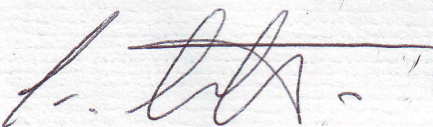

Please may I take this opportunity to thank George Brabham and his team for their major contribution to the successful completion and early handback of the recent 38 hour possession at Doughty Road.

George and his demolition team carried out the works in a professional and competent manner with a safety first approach.

Although the demolition works were far from straight forward, the works was carried out to the programme thus allowing follow on activities the best chance of success.

Once again, please pass on my appreciation to all those concerned and especially George, who is a credit to your company.

Yours sincerely

Craig Westmorland
